of the International Young Physicists' Tournament
Harmonia, 17-18th October 2003

Participants:

- representatives of the following 20 countries:
Australia, Austria, Belarus, Bulgaria, Croatia, Czech Republic, Finland, Georgia,
Germany, Hungary, Indonesia, Korea, The Netherlands, Poland, Russia, Slovakia,
Sweden, Switzerland, Ukraine, United Kingdom,

- observers/experts from Brazil and USA.

Problems for the 17th IYPT

From 35 problems, that had been preselected before the Meeting, 17 problems have been chosen and their final wording has been determined.

The Regulations of the IYPT

It has been decided to introduce an additional sentence to the Chapter XIII, accepting the proposal that had been sent by the Secretary General before the IOC Meeting. The Chapter reads now:

XIII. The final team ranking of the IYPT

The winner of the Final obtains the 1st place. If two or three teams have the same *SP* result in the final, the winner is nominated according to the highest *TSP*. The other two teams participating in the Final share the 2nd place. For teams not participating in the Final, the LOC decides, according to the *TSP* obtained, which teams will share the 3rd place.

IYPT Statutes

The President, Gunnar Tibell presented a new edition of the Statutes, prepared according to the suggestions that had been given by the IOC during its Meeting in Uppsala on 5th July 2003. No new relevant changes have been proposed and the document, with an additional Chapter V “Legal clauses” that will be prepared by the President, should be ready for a final decision at the next IOC Meeting in Brisbane.

Secretary General
of the IYPT

President
of the IYPT

Dr. Andrzej Nadolny
