Annex: Brief description of the selection procedure

With the help of the Indian Association of Physics Teachers (IAPT) a preliminary test will be conducted and the selected students will be asked to solve one problem of their choice. If someone has missed the test and wants to solve a problem they will be allowed.

Once the problem is solved and submitted to the IOC and IOC is satisfied with the approach of the student a second problem will be allotted to the students and after that a role play between all the selected students will be done.

Top 7 students will be selected after the role play (5 + 2 as a backup). For a faster enquiry students can contact the IOC on +919892454417.
